

Long Service Awards 2008.

18th December 2008

This years SMS Long Service Awards evening was held at Colwick Hall Friday 28th November. The awards are held annually to celebrate our long serving employees who have reached the milestones of either 40 years or 25 years of service.

Although the evening was set in a very formal, prestigious location, the evening itself was a very informal affair - with good food, plenty of drink and with speeches kept to a minimum enabling all attendees and their partners to relax and enjoy the event for what it was designed for – a celebration.

This year, we celebrated 7 members of the team reaching 40 years, and 1 member 25 years service.
